Examination

Dell Zhang
Birkbeck, University of London
2014/15
Exam Paper

• $20 \times 5 = 100$
  – There are six questions each worth 20 marks.
  – Students should answer any **five** of them.
    • Only the first five answered questions will be marked.
      No mark will be awarded for answering additional ones.
    • The use of non-programmable electronic calculators is permitted, but programmable electronic devices such as smart phones must be switched off.
    • The exam paper is not prior-disclosed.

Exam Paper

• Bookwork Questions
  – Each consists of four sub-questions (of 5 marks):
    \[ 5 \times 4 = 20 \]
  – You should be able to answer each question in a few sentences. If you give all the relevant factual points, you’ll get all the marks. Don’t overdo it.

• Programming Questions
  – The pseudo-code should follow the style of the DITP book.
Materials

• Lecture Slides
• Related Book Chapters
  – CAYS
  – CCTP, WDM
  – DITP, MMDS
• Past Exam Papers
  – Some are out-of-date and out-of-scope now
  – Similar types of questions this year
