MSc Computer Science schedule 2022/23

Term dates
Teaching takes place over Autumn and Spring terms, consisting of eleven weeks each. Exams for the previous term take place the week preceding the start of the next term. The Summer term is given over to the project.

Autumn Term: Monday 3 October 2022 to Friday 16 December 2022
Spring Term: Monday 9 January 2023 to Friday 24 March 2023
Summer Term: Monday 24 April 2023 to Friday 7 July 2023

For college closure dates please consult our website.

Introductory talks
Introductory talks for new students take place in the week preceding the start of term.

Locations
Personal timetables, including the teaching venues, are provided through My Birkbeck. You are advised to check your personal timetable before each lecture because room bookings can change at short notice.

Attendance
Students should attend lectures during term time as shown in the timetables. If students are unable to attend lectures, they should consult Moodle to obtain copies of any material distributed in class. Any student who decides to withdraw from the programme should inform the Programme Administrator. It is especially important for international students that they inform the department about any absence.

Full-time timetable
Full-time students follow the compulsory modules below, one optional module, and a project.
